Section 1680-1683 of the California Streets and Highways Code provide that the Board of Supervisors of any County may, by a resolution adopted by a four-fifths vote of its members, determine that certain types of road improvements are of general County interest and that County aid shall be extended therefor.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness/Fiscal Sustainability (Goal 1) and Integrated Services Delivery (Goal 3).

The recommended actions will help achieve these goals by providing improved traffic flow for the traveling public, which will benefit the Cities and communities.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The estimated construction contract cost to complete this project is in the range of \$1,500,000 to \$2,100,000. The total project cost is estimated to be \$2,950,000. In addition to the construction contract cost, the total project cost includes the cost of plans and specifications, consultant services, materials testing, construction engineering, inspection, contract administration, change order contingency, and other County services. The Board has established a \$2,500,000 top-of-pot annual allocation from the County's Proposition C Local Return Fund Budget for the Countywide Traffic Congestion Management Program. The \$793,000 will be funded from this allocation. See the attached table showing the HTC funding.

The enclosed resolution has been approved as to form by County Counsel.

This project is part of the Department of Public Works' ongoing program for transportation system management. It will be advertised in accordance with Section 20392 of the State Public Contract Code.

To ensure the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor will be considered before making a recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.
